OPEN AIR CABANAS

OUTDOOR LIVING REDEFINED

the
OPEN AIR CABANA

ROOF: TEMPOTEST SUNFLOWER #T12
FRAME: SILVER METALLIC #SS9022

SUMMER IN STYLE

The Cabana is your place in the sun, only cooler. These cheerful shade structures combine comfort and simplicity with a hint of resort-style-chic.

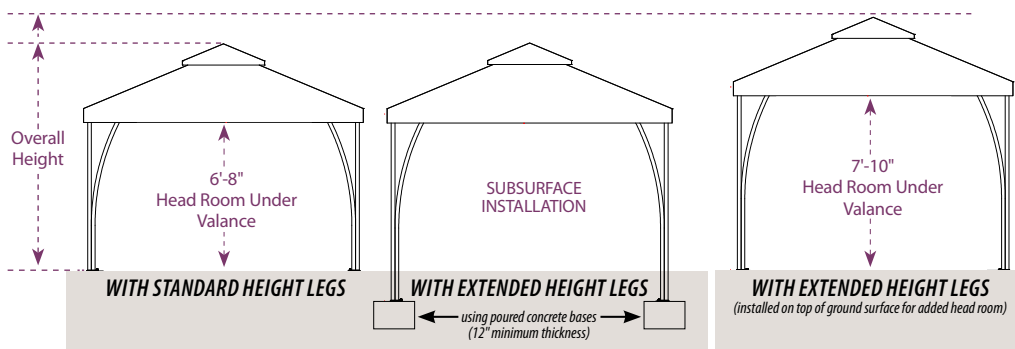

SummerSpace® Resort Quality Open Air Cabanas are structurally engineered to withstand wind speeds in excess of to 175 MPH (Aluminum Frame Only) for all sizes. We recommend that the fabric canopy be removed for all Extreme weather events. Engineering has been provided by an independent 3rd party engineering firm. Additional information is available upon request.

Open Air Cabanas

are made with our ultra-strong tapered aluminum legs and roof systems to form a square, rectangular or octagonal “gazebo-style” shaded space. Perfect for pool areas, terraces, patios and yards, these commercial quality structures can lower the temperature of your space by as much as 20 degrees. With frames available in 9 powder coated colors, choose a coordinating fabric for the perfect look.

PRODUCT OPTIONS:

- 9 Frame color selections
- Over 200 Tempotest® fabrics
- Corner Curtains
- Privacy Panels
- Fan & Light Mounting Kit
- Flame retardant fabric
- Extended Legs

Head Room Under Valance

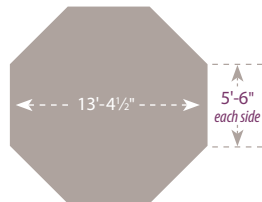

- 6'-8" for models with standard legs
- 7'-10" for models with extended legs (when installed on top of ground)

OCTAGONAL CABANAS

Eight tapered aluminum legs integrated with the SummerSpace® Vector Vent Roof System and fabric top.

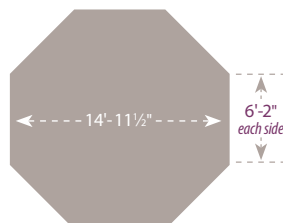

SMALL OCTAGONAL:

Headroom:* 6'-8" (standard, under valance)
Side Width: 5'-6" (outer side)
Overall Width: 13'-4½" (roof)
Square feet: 148 s.f.
Weight (approx.): 413 lbs. (before packaging)

LARGE OCTAGONAL:

Headroom:* 6'-8" (standard, under valance)
Side Width: 6'-2" (outer side)
Overall Width: 14'-11½" (roof)
Square feet: 187 s.f.
Weight (approx.): 437 lbs. (before packaging)

SQUARE CABANAS

Four tapered aluminum legs integrated with the Vector Vent Roof System and fabric top.

8' x 8' CABANA:

Headroom:* 6'-8" (standard, under valance)

Overall width: 8' (roof)

Square feet: 64 s.f.

Weight (approx.): 236 lbs. (before packaging)

10' x 10' CABANA:

Headroom:* 6'-8" (standard, under valance)

Overall width: 10' (roof)

Square feet: 100 s.f.

Weight (approx.): 271 lbs. (before packaging)

12' x 12' CABANA:

Headroom:* 6'-8" (standard, under valance)

Overall width: 12'-6" (roof)

Square feet: 156 s.f.

Weight (approx.): 311 lbs. (before packaging)

16' x 16' CABANA:

Headroom:* 6'-8" (standard, under valance)

Overall width: 16'-5" (roof)

Square feet: 269 s.f.

Weight (approx.): 385 lbs. (before packaging)

RECTANGULAR CABANA

Four tapered aluminum legs integrated with the SummerSpace® Vector Vent Roof System and fabric top.

PRODUCT DIMENSIONS:

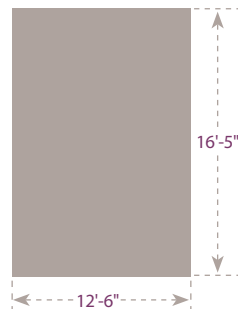

Headroom:* 6'-8" (standard, under valance)

Width: 12'-6" (roof)

Length: 16'-5" (roof)

Square feet: 205 s.f.

Weight (approx.): 366 lbs. (before packaging)

Sizes and weights are approximate. All rounded sizes are nominal; See specific drawings for exact measurements.

Height and headroom measurements are from cabana feet up.

Decks are not included.

*Adding optional extended legs increases the structure's overall height by 14".

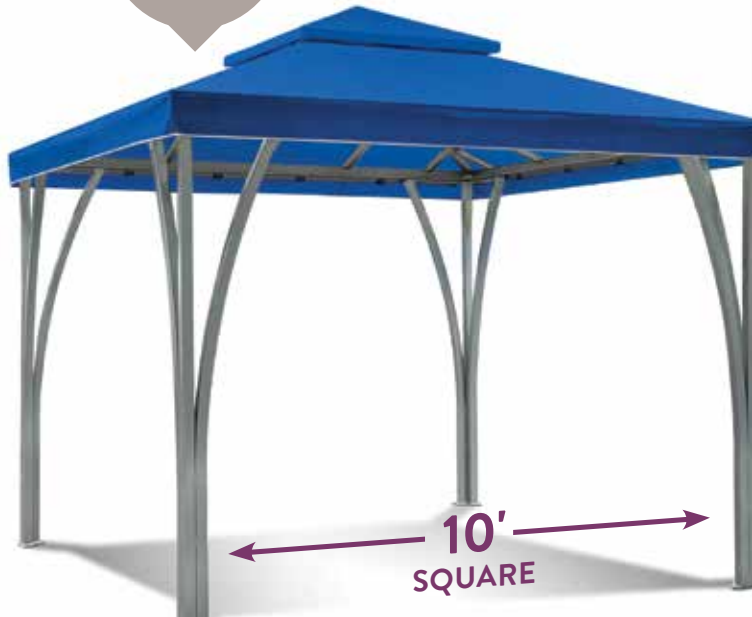

NOTE: Cabanas are NOT warrantied against severe weather damage or salt water corrosion.

PERSONAL SIZE CABANAS

Our 8' and 10' square Personal Size Cabanas offer the perfect amount of comfort for more intimate settings.

10'
SQUARE
CABANA

Square feet: 100 s.f.

8'
SQUARE
CABANA

Square feet: 64 s.f.

The Open Air Cabanas shown above feature our SS9022 Silver Metallic High Gloss frame and Tempotest® T416 Pacific Blue (10') and T16 Lime (8') roof fabrics. T106 Toffee

PRODUCT FEATURES

Vector Vent Roof Systems:

Our roofs are constructed with a cupola for air ventilation. Color matched to your Cabana legs, these roof systems are made from durable aluminum so they are made to last and will never rust.

Tapered Leg Design:

Atypical of most shade structures, our cabana legs are as practical as they are beautiful. The inverted buttress design made from 2" aluminum provides impressive strength and support.

Anchored Footing:

Secure to concrete or heavy wooden decking with three lag bolts per leg (or other appropriate fasteners). You can depend on this structure to withstand extreme weather and stay securely in place.

CABANA

PRODUCT BENEFITS

Tempotest Fabric Top:

products are made with the best outdoor fabrics in the industry: Tempotest®! Our Linen Weaves, Stripes and Solids offer a fabulous selection for the perfect touch of flair.

Easy Roof Tensioning System:

Our "fast straps" make it easy to keep the fabric roof system taut as a drum without special tools or techniques.

Extended Legs

Extended legs help to create a more substantial structure by adding 14" to the overall height. Or, you can have that extra length installed below the surface for extra secure installation to withstand extreme weather!

ROOF: TEMPOTEST STEEL GREY #TS34879
FRAME: MINERAL GRAY #SS7043

SUMMERSHIELD™

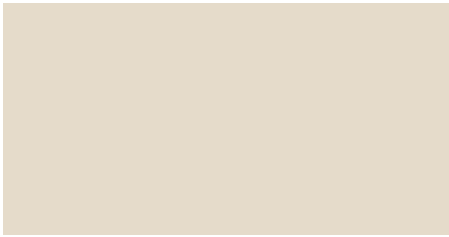

All powder coatings and applications are not created equal. Our industry leading pretreatment, and proprietary SummerShield powder coating finish, exceeds AAMA 2604 specifications including 3,000 hour salt spray testing. This super durable finish includes UV inhibitors that extend the life of the beautiful, fade resistant finish. Choose from eight low gloss, lightly textured finishes or a high gloss Silver Metallic finish that resembles polished aluminum. SummerShield takes it one step further by infusing our coatings with anti-microbial technology for the ultimate in low maintenance finishes.

OUR POWDER COAT SPECIALIST APPLIES SILVER METALLIC HIGH GLOSS COATING TO CABANA LEGS.
